IN JESUS
DISCIPLESHIP AT UPUMC

UNITED METHODIST CHURCH

Surveying Your Life

As we roll out this new discipleship plan, it's important for us to take an inventory of where we are so that we might know where we need to grow. This mini-assessment is designed to help you identify the strengths in your life and encourage you to grow in other areas. This is for you and your family as you examine what it means to continue living and growing in Jesus Christ.

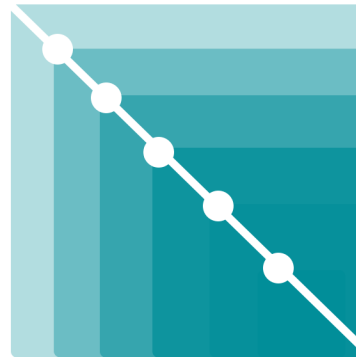

Instructions:

Answer each question in each quadrant. For each question you answer yes, fill in a white circle in the quadrant, starting from the center. After you are done, connect the highest dots and see what areas are your strongest and which areas you can deepen.

Know and Be Known

- Do you know who sits around you in worship?
- Do you budget time on Sunday mornings for conversation in the Gathering Area?
- Have you joined the church as a member?
- Are you in a Sunday School class?
- Do you share your authentic self with our church community?

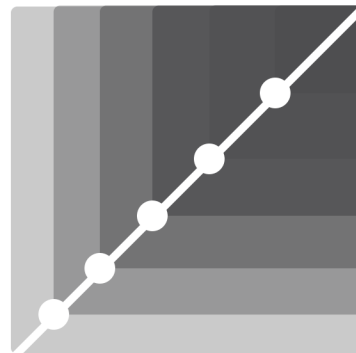

Challenge and Be Challenged

- Do you regularly engage scripture on your own?
- Do you belong to a Covenant or Small Group?
- Do you intentionally engage opinions and views that differ from your own?
- Do you consider learning and personal growth priorities in your life?
- Have you participated in a Bible Study, Enneagram series, or other study in the past year?

Feed and Be Fed

- Is serving others a priority in your life?
- Are you serving with one of our mission partners?
- Do you tithe (give 10%) or give sacrificially?
- Have you been on a mission trip?
- Do you volunteer with UPUMC's children or youth?

Love and Be Loved

- Is attending worship a priority for you and your family?
- Do you regularly spend time in personal prayer?
- Do you belong to one of our Hospitality Teams (ushers, greeters, receptionists)?
- Have you visited one of our homebound members in the past year?
- Have you invited someone new to UPUMC in the past year?
